PACK SIZES (PACKET)

1 kg | 2 kg

BENEFITS

01 Promotes rapid and healthy growth

02 Strengthens bones and muscles

03 Boosts the immune system

04 Enhances overall vitality and development

ABOUT FAMAS NDAMA

FAMAS Ndama is meticulously crafted to bridge nutritional gaps during the early stages of a calf's life. This supplement provides a balanced array of nutrients that promote strong bone formation, muscle development, and a strong immune system. By ensuring that calves receive vital vitamins, minerals, and high-quality proteins, FAMAS Ndama lays the foundation for healthy growth and long-term vitality, setting them on the path to reaching their full potential.

HOW TO USE

Administer as a top-dress on regular feed or mix into milk replacer according to the feeding guidelines provided. Adjust dosage based on age and weight as advised by a veterinarian.

Ask for FAMAS at any Agrovet near you

Bulk orders delivered to shops, farms and dairy cooperatives.

Use at the recommended dosage, as directed by a veterinarian or animal nutritionist.
